

PMEC BERHAMPUR, Odisha

ASSIGNMENT

SYSTEM PROGRAMMING

1. Describe Backus Naur form-Backus Normal Form-BNF?
2. Describe Canonic Systems? Give the formal definition?
3. What is lexical phase? What are the data bases used? Write the algorithm?
4. What is syntax phase? What are the data bases used? Write the algorithm?
5. What is interpretation phase? What are the data bases used? Write the algorithm?
6. What is optimization phase? What are the data bases used? Write the algorithm?
7. What is storage assignment phase? What are the data bases used? Write the algorithm?
8. What is code generation phase? What are the data bases used? Write the algorithm?
9. What is assembly phase? What are the data bases used? Write the algorithm?
